### **Maryland House District 46 Candidate, Mark Edelson, Releases LGBTQ+ Policy to Commemorate Pride Month**

BALTIMORE, MD – Today, Mark Edelson, candidate for state delegate, district 46, released his [proactive policy plan to promote and protect the LGBTQ+ people of Baltimore and the state of Maryland](#):

*“Today marks the 52nd anniversary of the Stonewall Uprising, a national catalyst for the ongoing efforts to promote equality and equal protection. And while we have made strides in the fight for LGBTQ+ equality, there is still work left to be done in our state and in our city. As a delegate, I will be a constant ally and advocate for our LGBTQ+ community and ensure equity and inclusion, especially in the areas of education and healthcare,” said Edelson.*

*“Every child deserves to go to school and learn in a safe and secure environment, free from harassment and hate. Every Marylander should feel safe in their workplace and comfortable airing grievances if they are victims of discrimination. These are issues that demand a dedicated and concrete plan.*

*We must work together to make all of our communities welcoming and inclusive every day and every month of the year.”*
